

CHEROKEE MOUNTAIN CABINS HAS SOMETHING NEW AND EXCITING!

A new cabin on the river and a creative way for you to own it! Many guests desire to purchase property at Cherokee Mountain Cabins, but the task becomes daunting and overwhelming when you consider building a home long distance. We don't want you to be discouraged anymore, as Cherokee Mountains is currently building your second home for you. Our solution is Riverlodge Cabin currently under construction. The solution to such an arduous task is to allow us to build it and make it affordable for you to purchase! The costs of construction for our cabins have ranged from \$400,000 to over a million, but Riverlodge will be affordable for you.

This new cabin is a one of a kind 3 bedroom, 3.5 bath two story log cabin constructed on the river. We are utilizing 15 years of cabin building experience to create the perfect second home for you and your family.

These are some of the top requests that are desired to create the special experience at CMC:

- Fireplaces – We are putting 5 of them into Riverlodge. Three inside, two outside
- Hot Tubs – It's the biggest we could find and it will be located right on the river
- Big Screen TVs – 5 flat screen TVs all with premium Direct TV channels (one located outside so you don't miss your favorite event)
- Outside deck space – with over 1300sq. feet of outside decks, it's the most of any cabin we have built. All decks are covered and will include an outside living room with a sectional sofa in front of your fireplace. A dining area to enjoy breakfast or romantic evening meals along with your hot tub next to the creek. We are adding rocking chairs for morning coffee or afternoon wine.

Riverlodge will also include:

- Two master bedrooms with Jacuzzi tubs, fireplace and TV in each
- Exposed beams, high ceilings and lots of glass to soak in your picturesque views
- The great room is 18X30 with exposed beams and the 23' tall ceilings enhances your Pella windows and fixed glass

- Riverlodge is on homesite #3 in the Village with your cabin located only 25' from the river's edge. You will own 235' of river frontage on your 1.43 acres
- Large covered wrap around decks, breathtaking
- Upstairs game room

How can this luxurious log cabin be affordable when the homesite alone is valued at \$200,000? We have designed a solution. We are selling functional interest to four purchasers who each will own 25% of this cabin.

Riverlodge will have a completed value of over \$750,000. The completed date is April 2017. Each owner will have 3 designated months to enjoy for personal use or rental income or both! The cost for each interest will range from \$180,500 to \$195,000. The difference in pricing is due to the potential rental income the Riverlodge will generate. Imagine an income producing property that you can enjoy relaxing in as well.

Renting your designated months will not be required, but if you choose to then Cherokee Mountain Cabins will maintain the same high quality service and maintenance that is offered to all our valued guests. The rental income is based off a current two year history of Slippery Rock log cabin. Slippery Rock is also a 3 bedroom, but considering Riverlodge is larger, your rental income will have a 10% higher rental rate.

- For pricing of each interest along with the two-year rental history of Slippery Rock

Questions you may have:

1. How is ownership of my cabin interest defined?

An LLC will be formed under the name Riverlodge LLC. When you purchase ownership, you will purchase 25% ownership in Riverlodge LLC, which owns the cabin. Riverlodge is available at 25% increments. The four owners will enjoy 3 delegated months.

2. How will expenses be paid?

As a homeowner you are responsible for your 3 months of electricity, telephone, exterminator, and Direct TV. These monthly cabin expenses are estimated at \$462/month. You are also responsible for the Riverlodge HOA fees of \$7,450 per year and your 25% is \$1,862 annual payment. If you rent your cabin, it will be deducted from your 3 months of rental income. Your Owners Report will have a \$620 HOA deduction for these 3 months. If you choose CMC rental program to enjoy additional income, then CMC will pay all

monthly expenses along with making your HOA deduction which will be made on your Owners Report.

- To view a sample Owners Report and explanation of utilities and how the Riverlodge LLC HOA fees were estimated see attached documents.

3. How will the cabin be managed and maintained on the rental program?

Cherokee Mountain Cabins will manage your cabin with the same focus on detail and with the highest standard you will have been accustomed to. We have great records of maintenance costs on our cabins that we have used to base your estimated costs for your new home.

- See attached sample copy of our Cabin Management Agreement

4. Is it required to rent my allotted months?

No, allowing your interest to be included in CMC rental program is your option, but we would recommend it. Our cabins are well maintained as rentals because our staff is in and out of the cabins constantly inspecting for maintenance and housekeeping needs.

5. I have purchased an interest with a summer month, but would occasionally like to stay over a winter holiday that I do not have. How would that work?

Trading days can be negotiated amongst the four owners. CMC will accommodate all decisions.

Riverlodge will be sold completely furnished in the same style as our other luxury cabins. All furniture, decorations, kitchen and bath will be complete and ready for your immediate use.

I'm sure not all of your questions have been answered, but feel free to call me anytime. I'd like the opportunity to explain more. My cell number is 985-969-7711.

We look forward to hearing from you.
